

Plan for a Philmont Vacation Next Summer

By Tom Baltutis, Philmont Ambassador

As winter approaches the Northland, many Scouters are already looking ahead to next summer's activities. Planning for Scout camps, canoe adventures, climbing, and cycling can help get us through these coming months. We also think about possible family summer vacations like heading to Disneyworld, renting a cabin up north, or cruising along on an American adventure. Maybe we even think of improving our Scouting Program for our Cubs, Scouts, and Venturers.

Philmont Training Center (PTC) is one alternative that can fulfill all your and your family's dreams. PTC provides activities for all your family members, infant to young adult and spouses while you enjoy the company of Scouters from across the country while improving your leader skills. Your spouse will have a tough time deciding what fun to have while not taking care of the kids or cooking every day.

Check out www.philmontscoutranch.org/PTC for information on this exciting and affordable summer vacation.
